Here are steps you will take to make payment via PayPal using your credit card.  
It only takes around 2-3 minutes.

- 1) Please click on: <http://biomatik.com/OrderingInfo/howtoorder.aspx>
- 2) Click on "PayPal" icon in the middle of the page (shown below) - this will take you to the PayPal website.

- 3) On the PayPal page, under 'description', please enter the quotation number; under 'unit price or item price', enter the total amount shown on the quotation.
- 4) On the same PayPal page, enter your credit card information and click on the button - 'Review and Continue'.  
\* There is another option on the page with login section. You don't want to login since you want to pay by credit card directly.
- 5) Review your order on the following page, and check out.

Both you and Biomatik will receive payment information from PayPal within seconds.  
Our customer representative will then send your formal order confirmation within 24 hours upon receiving the payment.
