ELISA Kits | Antibodies | Proteins | Biochemicals
Custom Gene | Peptide | Protein | Antibody Services

Proudly Serving Life Sciences Since 2002

Custom Services

Custom Gene Synthesis

- Custom gene synthesis service since 2005
- As low as \$0.15/bp with a low price guarantee
- Risk-free Guarantee: No Gene, No Charge

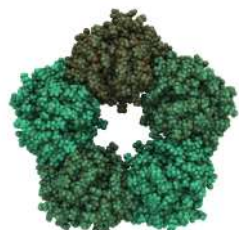

Custom Peptide Synthesis

- Custom peptide synthesis service since 2006
- As low as \$3/AA with a low price guarantee
- Risk-free Guarantee: No Peptide, No Charge

Custom Protein Production

- E.coli protein production as low as \$1710/package
- >95% success rate in E. coli system.
- Risk-free Guarantee: No Protein, No Charge

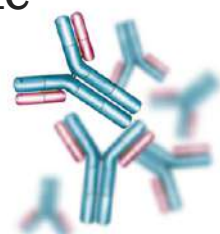

Custom Antibody Production

- Peptide or protein antigen, from customer or we produce.
- ELISA & WB positive guaranteed packages available

Antibody Sequencing Service

- >95% success rate for human/mouse/rat IgG
- Standard deliverables include antibody sequencing data & 1 mg recombinant antibody (>90%)
- Risk-free: Antibody affinity guarantee by ELISA.

Catalog Products

ELISA Kits

- Select from 31,000+ high quality ELISA Kits
- High sensitivity and low detection range
- Typically shipped within 3-11 days

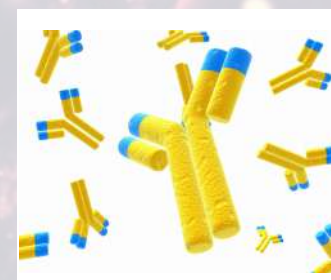

Catalog Proteins

- Select from 17,000+ Catalog Proteins
- Typically shipped within 7-11 days

Catalog Antibodies

- Select from 14,000+ Catalog Antibodies
- Typically shipped within 7-11 business days

Biochemicals

- 200+ commonly used biochemicals & enzymes
- Typically shipped within 1-2 business days
